MEDICAL SELF PAY FEE SCHEDULE

For uninsured patients or procedures not covered by insurance, we offer competitive self-pay rates. We believe everyone deserves access to quality dermatological care, and we strive to make our services affordable. Here are some helpful tips when evaluating if our medical self pay option is right for you:

- Recognize that submission of medical claims cannot be undone. We must declare you as self pay or insurance billed on your visit day. Once submitted, if insurance does not pay, they determine your cost.
- Invest the time to understand your chosen insurance and deductible.
- Verify if we are in or out of network with your plan.
- Recognize that costs are determined by your insurance. Rates below do not match medical CPT billing.
- We are trying to help you, as our patient, ultimately save money.
- When in doubt, contact your insurance.
